### WHY ezServiceHUB?

Senior installer Lee Hunt, who's knowledge of the industry standards for fire safety is unrivalled explains why he selected ezManagement's ezServiceHUB & App solution for the business

## What is your role in Fire and Security Solutions Lee?

“ We have lots of enquiries coming in everyday, Installations, PPM and these all need to be managed and actioned in an orderly manner with the strictest emphasis on compliance and customer satisfaction. As Operations Director my role is to oversee the day to day running of the business, so for me organisation is key and the ezServiceHUB enables us to be much more organised which I love.”

“ The ezServiceHUB & App has given us the use of a **single platform** to organise the **schedule** of our engineers and implement our day-to-day maintenance needs for all of our customers. So it has helped not only the stakeholders within our business, the management, office staff and engineers, but it importantly has **helped** our customers also.”

1

### Managing Field Workers

One central Hub for the easy management of field workers, Admin and management. Everyone works seamlessly in real-time, on the go, anytime and anywhere.

2

### Automating Tasks

Dispatching Jobs, completing electronic documentation, instant job pricing and invoicing – all the laborious tasks are automated to save time and make life easier.

3

### Paperless

Replace paper and messy manual processes and become far more effective and coordinated between site work and the office.

4

### Increase Business Efficiency

One central Hub for the easy management of field workers, Admin and management. Everyone works seamlessly in real-time, on the go, anytime and anywhere.

## Would you recommend the ezServiceHUB & App solution to other Fire & Security Companies?

“ Our Business is much more organised. It has worked well excellently for us, it has made us much more efficient as a business and i’m happy to say that we have been able to increase our profitability so the return on Investment has been obvious for us.”

## Anything else you would like to add?

“ The engineers on the road find the App so easy to use. We thought we might see some resistance to change but they have been impressed with the functionality and how easy it is to navigate. They see it as a real time saver. ”

<b>D. CERTIFICATION OF INSPECTION AND SERVICING:</b>	
I/We, being the competent person(s) responsible (as indicated by my/our signature below) for the inspection and servicing of the smoke ventilation system, particulars of which are set out above, CERTIFY that the said work for which I/We have been responsible complies to the best of my/our knowledge and belief with the recommendations of BS 9999 periodic inspection and test over a 12 month period, except for the variations, if any, stated in this report. Variations from the recommendations of BS9999 for the periodic or annual inspection and test (as applicable): I/We further declare that in my/our judgement, the said system, at the time the inspection and servicing was carried out, was overall assessed as: The extent of liability of the signatory is limited to the system described above.
